RE: Jurisdiction of the Superior Court of California

Dear Mr. Carlson,

The Superior Court has attempted to engage me in matters of jurisdiction. To properly respond to the Superior Court, I am requesting your response to the following inquiries:

- When established in 1880, did the Superior Court of California inherit the jurisdiction of the District and County Courts of California?
- Does the Superior Court of California, County of Orange have the jurisdiction to resolve California 1849 Naturalization applications or cases?
- Do you serve as the clerk for a District or County Court of California in Orange or Los Angeles County?

Thank you in advance for your prompt response.

Sincerely,
